

1740 THORNE AVENUE

1740 Thorne Avenue is situated within the former Office and Medical District at Fort McPherson. This building is bound in the north by Sayers Street and in the south by Walker Avenue. The detached, one-story, rectangular-cored, irregular structure was built in 1986 and was used as a mini-mall. Potential uses for this building include single or multitenant retail, restaurant, office, and flex space. The building is constructed of sandcrete block walls in brick formation with pointer laceration joints. The US Army reports the square footage as approximately 38,830 sq. ft.
